

# Chilthorne Domer Church School Curriculum Statement PSHE and Relationship Health and Sex Education

'Together we Love, We Aim High and We Celebrate'

"A growing body of research shows that pupils who are emotionally healthy do better at school. PSHE education helps children and young people to achieve their potential by supporting their wellbeing and tackling issues that can affect their ability to learn, such as anxiety and unhealthy relationships." ## The class teacher will, with support from the curriculum leader:

- Create a long term plan which ensures appropriate coverage of knowledge, skills and vocabulary from the progression grid.
- Personally pursue support for any particular subject knowledge and skills gaps prior to teaching.
- Ensure that resources are appropriate, of high enough quality and are plentiful so that all pupils have the correct tools and materials.

### We will measure progress by:

- Assessment for learning opportunities built into each lesson and enhanced by a starting and end point also enabling self-evaluation and reflection.
- Each lesson ends with an opportunity to consolidate and reflect upon learning.
- Learning within EYFS will be recorded in a Floor Book which will move with the children. Progress within KS1 and KS2 will be recorded in RE/PSHE books in a variety of ways.

#### Our children will be:

- Engaged because each PSHE unit is designed to be delivered in a creative manner using a variety of approaches, such as role-play, discussion and games.
- Resilient learners who can overcome barriers and understand their own strengths and areas for development.
- Safe and happy in lessons which give them opportunities to explore their own personal development.

#### The curriculum leader will:

- Celebrate the successes of pupils through planned displays.
- Collate appropriate evidence over time which evidences that pupils know more and remember more.
- Monitor the standards in the subject to ensure the outcomes are at expected levels.
- Provide ongoing CPD support based on the outcomes of subject monitoring to ensure that the impact of the curriculum is wide reaching and positive.
