Online Safety

Using information from Child Net.

Chilthorne Domer Church School Digital Leaders

What does your child love doing online? What services and devices do they use?

The online world can be exciting and inspiring. It has lots of opportunities to offer young people. It is important to manage and minimise the associated risks.

Now let's have a think…

In January 2023, the Children's Commissioner published a new document about Young People and pornography.

Within the report some statistics were shared.

In their study, what percentage of children do you think shared that they have seen pornography?

What age do you think these children were?

Here are the alarming results…

· By age 9, 10% of children had seen pornography.

· By age 11, 27% of children had seen pornography.

· Much of what had been viewed was violent.

· Most information that was viewed was not from adult sites but accessed through other online platforms.

Twitter was the main platform children accessed this from, closely followed by Instagram and Snapchat.

Age Appropriate?

The Information Commissioner's Office stated in 2018 that as part of UK GDPR:

• only children aged 13 years and over may lawfully provide their own consent for the processing of their personal data;

• an adult with parental responsibility must provide consent for processing if the child is under 13.

Conversations

Start on a positive note...

What do you like most about the internet and why? What's your favourite game/app/site?

Do you like to be creative online? What have you created?

(It could be anything from a picture or video to creating their own games, sites or apps.)

The internet offers brilliant opportunities for making connections with others. Who do you like to keep in touch with online and what apps/-services do you use?

Conversations

Keep the conversation going...

Do you have any tips for how to be positive and show respect online?

What could you do if someone online is making you or someone you know feel worried or upset?

How might you know if you are using the internet/technology too much?

How does the internet make you feel? Do different apps/games makes you feel differently?

Do you know where to go for help, where to find safety advice and how to use safety tools on your favourite apps and games?

Help me! Can your child show you how to do something better/safer online?
