Emergency Staffing Procedure (including severe weather)

Our Emergency Staffing Plan means that we can usually keep the school open, including during spells of severe weather. If we are to close, notices will be posted (by around 7.15am) on our website, the school Facebook page and on the Somerset Schools Closure page which you can find [here](#). If we do have to close, we will send a text message to parents.

Please check the school's website regularly, especially during spells of severe weather.

The school telephone will be manned between 8.30am and 9.30am.

Please assess your own personal travel risks when deciding whether to make the journey to school. We will understand if children are unable to attend due to hazardous travelling conditions.

Hopefully the weather will be kind to us!
